

Event timers are not created equal.

Mat timing system
136 lbs

Wireless Orbiter System
36 lbs on wheels

In fact, the Orbiter Timing & Lap Counting system is so lightweight and easy to use it sets up in 3 minutes, with no cables, funny wires or mats. Just turn it on and it is event ready. You be the judge: an elegant design with intuitive software that delivers instant results on a weather proof ToughBook display or wet dirty carpet? We use proven wireless Motorola technology and timing chips for feet, ankle, wrist or bib. Call your Orbiter representative today at 253-627-5588 or email info@Orbiter.com An easy call. We promise!
